Spring Conference 2019 – 11<sup>th</sup> February 2019 London

NALC's Spring Conference 2019 is an essential event for councillors, council officers, county association members and officers as local councils join with other parts of the public sector (including the government and principal authorities), the private sector and voluntary sector to discuss the key policy issues of the moment. The event will start to realise the future from the NALC vision that parishes will be the focus of community effort, the natural centre of a range of public activity and service delivery; giving a democratic voice to those communities working in partnership with other agencies. This will be a brilliant opportunity for councillors, clerks, county officers and members, exhibitors and sponsors to network, share good practice and be equipped with the best skills to face the future challenges of their communities. For more information and to book, [click here](#). **Early bird rates (save 20%!) ends on 30 November 2018.**

NALC have updated their **Legal Topic Note (31)** on Local Council General Powers (s.137 and GPC). Please login to our website, where you can find a copy [HERE](#).

**BEWARE!** One Hampshire parish council Clerk has received a scam email from what appeared to be the Chairman. Fortunately, the Parish Council members have their own dedicated parish council email accounts; therefore in this case the hoax was clear. HALC recommend that all council members have a dedicated council email account and do not use a personal email address when conducting business on behalf of their council.
