Dear All,

As you are already aware, the event is set for the Saturday and Sunday, 23rd and 24th of March. We will only have one sound engineer operating this year in agreement with the Winchester Licensing Team as we intend to use a similar sound system to last year's event. This satisfied both the Noise Management Plan. Please accept our reassurance that noise levels on the Friday and Saturday evenings will not be evident in the local communities surrounding the Matterley Estate.

Unfortunately, as with previous years, we do expect higher levels of traffic in and around the Estate from the Wednesday onwards but we have a Traffic Management Plan in place that will help mitigate some of the concerns previously raised. Ingress to the general public starts on the Friday lunchtime and egress will start from 17:00 on the Sunday and should only last for a couple of hours.

The follow number will be available during the event:

EVENT HOTLINE NUMBER 01962 855891

please do not hesitate to contact us via email at info@britmxgrandprix.com

many thanks

Steve, Nigel, Cath and the MX Events team
